

Na Hale O Makena (NHOM) — Board of Directors Meeting Summary — July 23, 2026

Prepared from the complete Whisper transcript (v2026-07-28, generated with -mc 0) and the meeting outline. The transcript has no speaker labels (single mixed Zoom audio), so all attributions are by context — see §8 (Transcription-Reliability Notes). The executive session was not recorded. This version incorporates Robert Sutor's post-review revisions of 2026-07-29 — see §9; items or assignments not found in the meeting audio are tagged [RS-added].

1 Attendance

The meeting was held via Zoom on Thursday, July 23, 2026, called to order at 9:00 a.m. HST and adjourned at 10:55 a.m. HST. The managing agent conducted roll call and read the certificate of notice at the opening.

Name	Role	Present	Basis / Notes
Robert "Bob" Sutor	President	Yes	Presided.
Paul Reshke	Treasurer	Yes	Delivered the Treasurer's report.
David "Dave" Rapp	Secretary	Yes	Cast the lone dissent on the DMI Authority Resolution.
Cathy Schmitz	Director	Yes	Seated as a director during the meeting (§3.4); voted on subsequent items.
Molly Duncan	Resident Manager	Yes	Delivered the Management Report.
Rena Tamura	Managing Agent — Destination Maui, Inc. (DMI)	Yes	Conducted roll call, read the certificate of notice, advised throughout.

Quorum: Declared present. Notice was emailed Monday, July 20, 2026 and posted on property at least 72 hours prior pursuant to Chapter 514B, Hawaii Revised Statutes. An owner in unit D202 ("Susie") was noted present during roll call; exact identity/role is unclear from the audio.

2 Agenda Topics

The meeting proceeded through officer and Resident Manager reports, the seating of a new director, ratification of prior email-vote expenditures, an operating-assessment reduction, a reserve-study engagement, the maintenance program and projected expenditures, the governance-documents three-tranche plan, the DMI delinquency/collections item and DMI Authority Resolution, a Zoom recording-to-summary workflow proposal, a records-retention decision, new business (appointments and a legal-review standard), and an executive session covering the Resident Manager Employment Agreement, the DMI Authority Resolution, and records retention/owner access.

Note on coverage: The executive session (noticed scope: legal delinquencies, contracts, and personnel) was **not recorded** — the audio stopped when the board entered executive session. The Resident Manager Employment Agreement was approved there (§4.6, §7) per Robert Sutor; the vote itself is not on the audio. Other executive-session matters are not captured here.

3 Topic-by-Topic Summary (in meeting order)

3.1 Roll Call, Call to Order, Certificate of Notice

(a) **Discussion:** The managing agent conducted roll call, confirmed a quorum, and the President called the meeting to order at 9:00 a.m. HST. The certificate of notice was read into the record — notice emailed Monday, July 20, 2026 and posted on property ≥72 hours prior per HRS Chapter 514B. (b) **Key points:** Procedural. (c) **MOTION/VOTE:** None required.

3.2 Approval of Prior Minutes

(a) **Discussion:** Members confirmed they had reviewed the May 15, 2026 minutes; no corrections. (c) **MOTION/VOTE:** Motion to approve the May 15, 2026 minutes. **Passed — unanimous.**

3.3 Officers' & Resident Manager's Reports

3.3.1 President's Report (Bob)

(a) **Discussion:** Brief. The President's role going forward is to provide AI support for board projects; substantive comments were folded into the agenda items.

3.3.2 Treasurer's Report (Paul)

(a) **Discussion:** Property insurance for the fiscal year beginning ~June 1 was signed, with the premium reduced from last year's ~\$425,000 to **\$222,000** (\$221,731), paid from operating cash. June financials show a **\$105,000 YTD surplus**. (b) **Key points:** - Insurance history: pre-fire ~\$160,000/yr; post-fire spike to ~\$600,000–\$672,000 (which had required a special assessment and a temporary operating-fund borrow from reserves); reduced to ~\$427,000 (budgeted) last year; now \$222,000. Monthly savings vs. the budgeted level ≈ **\$17,000**. - Surplus drivers: workers'-comp refund ~\$5,000; reserve interest income up ~\$16,000; June insurance savings ~\$17,000; repairs & maintenance under budget ~\$38,000 (partly timing); ~\$25,000 first-half contingency unused. Water expense appears under budget but may be understated (a prior-year catch-up billing issue being reconciled). - The position supports funding repairs and reducing owner operating assessments effective Sept 1 (see §3.5).

3.3.3 Resident Manager's Report (Molly Duncan)

(a) **Discussion:** Occupancy low — ~15% June, ~25% July. (b) **Key points:** - Pool/spa operating well; a chlorine spike after fertilizer blew into the pool was handled; chlorine feeders installed, improving chemistry control. - Cooling towers functional, but one tower has a worsening **seam leak** — Dorvin installed a small temporary pump to reduce water loss and provided a bid for a permanent repair (see §3.6). Pot feeders on the towers are badly rusted and need replacement (~\$700 each). - Contractor bids being gathered (slow): pavilion/bathroom/fitness-center door refinishing; property-wide stucco repairs

(to prevent water intrusion). - New gate & building entry system under evaluation — the current system is outdated (changing one code erased all pedestrian-gate codes). A vendor will come on-site in ~2 weeks for a full single-contractor proposal. - Robot mower on trial (KK Estate Services–supplied) — quiet, even cut, freed landscaper labor (5 → 4 days/wk); no extra cost; needs a dedicated outlet near the Building A lift station (~\$1,000 electrician). - Deer intrusions after the Kona storm; the Building D fence was repaired, reducing the problem. A sagging gutter on Building F needs inspection.

3.4 Seating of Cathy Schmitz as Director

(a) **Discussion:** Cathy Schmitz was appointed to fill a vacant board seat and seated immediately, serving until the annual meeting (term then subject to owner election). (c) **MOTION/VOTE:** Motion to appoint Cathy Schmitz as director. **Passed — unanimous.**

3.5 Ratification of Email-Vote Expenditures (Item 6.2) and Operating-Assessment Reduction

(a) **Discussion:** The board ratified six expenditures previously approved by email vote, then took up an operating-assessment reduction for owners effective **Sept 1** (the last four months of the fiscal year), consistent with the prior year, given the surplus and insurance savings. (b) **Key points — email-vote expenditures ratified:**

Date	Expenditure	Amount
Mar 31	Remove storm-damaged tree behind the South cooling tower	\$2,774
Apr 6	Install chlorine feeders	\$1,970
May 21	Final approval of Option 1 property insurance (premium)	\$221,731
May 21	Lawn dethatching/restoration near Bldgs D & E	\$2,650 + GET
May 22	Exterior shade installation, Unit D-102	approved
Jun 25	Royal palm removal (Bldg F) + plumeria trimming (Pure Life)	\$4,712

- Assessment reduction: projected full-year surplus ~\$70,000–\$80,000 even after planned repairs, likely without touching contingency; estimated owner savings ≈ **\$300 / \$400 / \$500 per month** depending on common-interest share. DMI to prepare the revised four-month budget (out-of-scope work billed at **\$175/hr**, a few hours); lead time is needed to adjust coupons and auto-payments before Sept 1. (c) **MOTION/VOTE:** Motion to ratify the email-vote expenditures — **moved by Cathy; passed unanimously** (four directors). No separate carried motion on the assessment reduction is recorded; direction was set to prepare the revised budget.

3.6 Reserve Study, Maintenance Program & Projected Expenditures (Items 6.11 and related)

(a) **Discussion:** The board addressed the reserve study, the maintenance roadmap, and projected maintenance expenditures. (b) **Key points: - Reserve study:** Engage **Kit Carlin, Hawaii Inspection Group** (performed the last study Sept 2023; practice is every three years). Molly/Paul to schedule; target the report by **mid-October** so results feed 2027 budgeting and reserve assessments. -

Maintenance roadmap: near-term — door refinishing (pavilion/bathroom/fitness center); property-wide stucco repairs; Building F gutter; concrete/asphalt repairs (incl. a Building C parking stall and a trip hazard between Bldgs C–D); cooling-tower seam leak and pot feeders. Molly's residence split A/C system is failing/obsolete (not on the cooling towers), with replacement pricing being gathered (~\$20,000). Longer-term/capital planning includes exterior inspections, window/door sealants (Kona water intrusion into one unit), asphalt seal-coat and re-striping, storm-drain and erosion monitoring, irrigation upgrades, LED conversion, electrical-panel and water-pipe inspections, and backflow-preventer maintenance (23 units, recently inspected and working). - **Projected expenditures:** cooling-tower seam-leak repair (Dorvin) ~\$25,000 (\$25,068.74); Molly's A/C replacement ~\$20,000; pot feeders ~\$700 each; pavilion door refinishing ~\$4,000; stucco repairs \$2,000–\$3,000; concrete/asphalt TBD; gate/entry access system significant (bids pending). - **Funding:** FHA requires reserve assessments ≈ **15% of total assessments**; the association is right at that line. Consensus leanings — A/C unit and gate system from reserves; routine repairs from operating; door refinishing debated. No formal funding-allocation vote was taken; **Paul and Rena are to evaluate the reserve-vs-operating allocation and present recommendations to the board [RS-added].** (c) **MOTION/VOTE:** Motion to approve the **Dorvin cooling-tower seam-leak repair** at **\$25,068.74** — **moved by Dave, seconded by Paul; passed unanimously.**

3.7 Increase in Resident Manager Spending Authority

(a) **Discussion:** The board raised the Resident Manager's spending authority. (c) **MOTION/VOTE:** Motion to increase Molly Duncan's spending authority to **\$5,000. Passed — unanimous.** (Molly is to notify the Treasurer of large items even when under the threshold.)

4 New Business

4.1 Governance Documents — Three-Tranche Approach (Item 6.6.1)

(a) **Discussion:** Cathy Schmitz was designated **legal liaison** (single point of contact with counsel Shannon Sheldon) and to **lead the governance-documents and house-rules work** (by consensus; no formal vote). Bob is to assist and to produce the AI-assisted drafting. (b) **Key points:** - **Tranche 1 — Consolidation:** restate all recorded amendments plus originals into one Bylaws document and one CC&Rs document. Board approval only; no owner vote. Bob has redline documents on the first two groups to hand to Cathy. - **Tranche 2 — Conform-to-law corrections:** fix reference errors and provisions that conflict with statute (e.g., documents requiring 65%/67% owner approval where the law differs); board approval + recording. - **Tranche 3 — Owner-approval changes:** e.g., the current bylaws set the board minimum at 5 / maximum at 9; a proposal to change to minimum 3 / maximum 5. Requires an owner vote at the annual meeting. - **The three policy documents — House Rules, Unit Modification Policy [RS-added], and Support Animal Policy:** Bob picks these up directly and generates AI review documents (no further counsel turn first) **[RS-added]**, then provides them to Cathy. Cathy reviews, breaks them into separate items, makes changes, and resubmits to Bob; Bob incorporates the final changes; the documents then return to Cathy for submission and resolution with counsel (Shannon Sheldon). The Support Animal Policy is not a board-level drafting task — it is part of this AI-drafting-to-Cathy effort. The Support Animal Policy references, and is referenced by, the House Rules; an

owner-facing "primer" version is planned for the Resident Manager to hand out. - **Quasi-timeshare / multi-owner-LLC concern:** Bob is to produce an AI-assisted research document on preventing quasi-timeshare / multi-owner-LLC arrangements that skirt the vacation-rental restriction (recalling ~\$210,000 in prior vacation-rental litigation fees), then forward it to Cathy for legal review and resolution **[RS-added]** (*the audio had Bob flag the concern for Cathy to research*). (c) **MOTION/VOTE:** No formal motion; direction set by consensus.

4.2 DMI Delinquency/Collections & DMI Authority Resolution (Items 6.7, 9.2)

(a) **Discussion:** Item 6.7 (collections/delinquency policy) — Bob compiled the policy from Rena's email, and **Rena confirmed on record that it faithfully reflects DMI's existing process.** No change; entered into the record. The DMI Authority Resolution (Item 9.2) was voted in open session. (b) **Key points:** The DMI Authority Resolution removes the delegation making DMI the primary on-site supervisor of the Resident Manager (returning that supervision to the board; DMI remains an advisory resource) and clarifies which documents/data are AOA property vs. DMI property (DMI's means/methods and software excluded). It was stated to be within contract §5.3 and the bylaws — no change to the DMI contract. Bob emphasized no dissatisfaction with Rena. (c) **MOTION/VOTE:** Motion to approve the DMI Authority Resolution — **passed 2–1** (Robert yes, Paul yes, **Dave nay**).

4.3 Zoom Recording-to-Summary Workflow (Item 6.8.1)

(a) **Discussion:** Current process: recording → Rena → transcriber → minutes (motions-focused, ~matching the state-law minimum); minutes are owner-accessible. The last meeting ran ~ 100,000 words over 2 hr 40 min, of which only ~6% was captured in the minutes. (b) **Key points:** Proposal (to trial next meeting): AI audio summary plus Zoom per-person verbatim audio tracks (labeled by name/unit), building a searchable database for board scheduling and management. (c) **MOTION/VOTE:** None (trial proposed).

4.4 Records Retention Policy (Item 9.3)

(a) **Discussion:** State law lists documents owners may request (financials, RM contract, etc.) plus an "other" category; counsel Shannon's position is that audio recordings fall in "other" and are **not required** to be provided. (c) **MOTION/VOTE:** Motion that the association **not retain audio recordings after the minutes are approved**, classifying the audio and any derivatives as documents not provided to owners on request — **moved by Cathy, seconded by Bob; passed** (Cathy, Robert, Dave voting yes). Owners may still record meetings themselves; retained items would be discoverable/subpoenable in litigation.

4.5 Appointments & Legal-Review Standard

(a) **Discussion:** Animal control — an owner (first name **Bob**; last name unclear in the audio) who already manages chickens/pests was appointed to work **under Molly's direction/control**; no vote required. Bob (President) is to develop, with Cathy, a **standard for when to engage legal review**, noting that two major inherited contracts (RM employment, DMI managing-agent) never received legal review. (c) **MOTION/VOTE:** None (appointment under RM direction; standard to be developed).

4.6 Resident Manager Employment Agreement (Item 9.1) — Executive Session

(a) **Discussion:** Taken up in **executive session**. The board noted the contract itself is owner-accessible with no confidential content but chose executive session as the procedurally correct path for a short (~3-minute) discussion. (c) **MOTION/VOTE:** The Resident Manager Employment Agreement was **approved in executive session [RS-added]** (*per Robert Sutor; the executive session was not recorded, so the vote is not on the audio*).

5 Consolidated Action Items / Assignments

Each item carries an owner-prefixed ID (M Molly · P Paul · D Dave · S Sutor · C Cathy · R Rena) and a Status (Open · In progress · Complete), matching the companion Action Items document. Items or assignments not found in the meeting audio are tagged **[RS-added]**.

ID	Owner	Item	Status	Notes
M1	Molly	Pursue the gate-entry system as a higher-priority item; work with Bob and Dave	Open	Vendor on-site ~2 weeks; coordination [RS-added]
M2	Molly	Engage Kit Carlin (HIG) for the reserve study (with Paul)	Open	Report by mid-October
M3	Molly	Build a major-maintenance schedule (with Bob)	Open	By the next board meeting
M4	Molly	Proceed with the Dorvin cooling-tower repair (\$25,068.74)	Open	Approved this meeting
M5	Molly	Gather A/C replacement bids (~\$20,000)	Open	Bids pending
M6	Molly	Notify the Treasurer of large items even under the \$5,000 authority	Open	Standing practice
M7	Molly	Call for inspection of the sagging Building F gutter	Open	From the RM report
M8	Molly	Coordinate with Bob to review the House Rules, Unit Modification Policy, and Support Animal Policy for conformance to on-property and current realities	Open	Sutor provides the draft baseline documents [RS-added]
P1	Paul	Prepare the revised 4-month budget; compute the Sept 1 assessment reduction (with Rena)	Open	Before Sept 1
P2	Paul	Engage Kit Carlin for the reserve study (with Molly)	Open	Report by mid-October

Na Hale O Makena — Board Meeting Summary — July 23, 2026

ID	Owner	Item	Status	Notes
P3	Paul	Evaluate the reserve-vs-operating funding allocation; present recommendations to the board (with Rena)	Open	[RS-added]
D1	Dave	Gate-entry: work with Molly on the system, then coordinate with Sutor on contractual and performance risk	Open	Primary function is to work with Molly
S1	Sutor	Work with Molly and Dave to develop the gate-entry system proposal	Open	[RS-added]
S2	Sutor	Send the audio summary to the full board	Complete	—
S3	Sutor	Send the Dorvin cooling-tower quote to the full board	Open	Following the meeting
S4	Sutor	Hand the tranche-1 consolidation redline (Bylaws + CC&Rs) to Cathy	Complete	—
S5	Sutor	Three policy documents (House Rules · Unit Modification Policy [RS-added] · Support Animal Policy): generate AI review documents; provide to Cathy	In progress	Sutor drafts baselines → Molly + Bob review (M8) → Sutor revised drafts → Rena best-practices (R4) → Cathy (C2) → counsel. Bob picks up House Rules directly [RS-added]
S6	Sutor	Produce an AI-assisted research document on the Quasi-Timeshare / Multi-Owner-LLC issue; forward to Cathy	Open	[RS-added]
S7	Sutor	Draft the legal-review standard (with Cathy)	Open	RM/DMI contracts never legally reviewed
S8	Sutor	Build a major-maintenance schedule (with Molly)	Open	By the next board meeting
C1	Cathy	Lead the governance-documents/house-rules work; serve as legal liaison to counsel (Shannon Sheldon)	Open	By consensus
C2	Cathy	Review the three policy documents from Bob; break into separate items; edit; resubmit to Bob; then take finalized documents to counsel	Open	Pairs with S5
C3	Cathy	Legal review and resolution of the Quasi-Timeshare / Multi-Owner-LLC research document	Open	[RS-added] ; pairs with S6
C4	Cathy	Develop the legal-review standard (with Bob)	Open	Pairs with S7

ID	Owner	Item	Status	Notes
R1	Rena	Prepare the revised 4-month budget; compute the Sept 1 assessment reduction (with Paul)	Open	Before Sept 1
R2	Rena	Evaluate the reserve-vs-operating funding allocation; present recommendations to the board (with Paul)	Open	[RS-added]
R3	Rena	Schedule the Sept 10 board meeting as normal; standard recording / exec-session handling	Open	Sept 10, 12:00 noon HST — already confirmed
R4	Rena	After Molly's review, review the three policy documents for anything outside clearly-accepted normal best practices	Open	Sutor provides revised drafts after Molly's review + board comments [RS-added]

6 Open Items / Items Deferred

- Sept 1 operating-assessment reduction** — direction set; DMI + Paul to prepare the revised four-month budget and compute per-owner amounts (~\$300/\$400/\$500) before Sept 1 (P1/R1).
- Reserve study (fall 2026)** — Kit Carlin/HIG to be engaged; report targeted mid-October (M2/P2).
- Reserve-vs-operating funding allocation** — Paul + Rena to evaluate and present recommendations to the board **[RS-added]** (P3/R2).
- Gate/entry access system** — vendor proposal pending (~2 weeks); higher priority; Molly leads and works with Dave, who coordinates with Bob on contractual/performance risk (M1/D1/S1).
- Governance documents — three tranches** — Cathy to lead; tranche-1 consolidation redlines to be handed over (S4); tranche-3 board-size change (5–9 → 3–5) requires an owner vote.
- Three policy documents (House Rules, Unit Modification Policy [RS-added], Support Animal Policy)** — Bob generates draft baseline / AI review documents → Molly + Bob review for on-property realities (M8) → Bob issues revised drafts → Rena best-practices review (R4) → Cathy reviews and resolves with counsel (S5/M8/R4/C2).
- Quasi-timeshare / multi-owner-LLC concern** — Bob to produce an AI research document; Cathy legal review and resolution **[RS-added]** (S6/C3).
- Legal-review standard** — Bob + Cathy to develop (S7/C4).
- Molly's split A/C replacement (~\$20,000)** — bids pending (M5).
- Executive-session matters other than the RM agreement** (delinquencies, contracts, personnel) — not recorded; not captured here.

(The Resident Manager Employment Agreement is no longer an open item — approved in executive session, §4.6 [RS-added].)

7 Motions Log

All motions made during the July 23, 2026 open session, in the order made. The transcript has no speaker labels; movers/seconders are taken from the transcript where discernible and marked "not clearly attributed" otherwise.

#	Motion	Moved / Seconded	Result
1	Approve the May 15, 2026 minutes	not clearly attributed	Passed — unanimous
2	Seat Cathy Schmitz as a director	not clearly attributed	Passed — unanimous
3	Ratify the six email-vote expenditures (\$3.5)	Cathy / —	Passed — unanimous (4 directors)
4	Do not retain audio recordings after the minutes are approved; classify audio and derivatives as not provided to owners on request	Cathy / Bob	Passed (Cathy, Robert, Dave — yes)
5	Approve the Dorvin cooling-tower seam-leak repair at \$25,068.74	Dave / Paul	Passed — unanimous
6	Increase the Resident Manager's spending authority to \$5,000	not clearly attributed	Passed — unanimous
7	Approve the DMI Authority Resolution	— / Paul (second not clearly attributed)	Passed 2–1 — Robert yes, Paul yes, Dave nay

Failed motions: None.

Executive session: The Resident Manager Employment Agreement (Item 9.1) was taken up in executive session and **approved** there **[RS-added]** (*per Robert Sutor; the executive session was not recorded, so the vote is not on the audio*).

8 Transcription-Reliability Notes (for the record)

- **Source:** Prepared from the complete Whisper transcription of the meeting audio (v2026-07-28, generated with -mc 0, which prevents the long-audio repetition-loop failure). A duplicate-line QC check was clean. The **executive session was not recorded** — the audio stops at that point.
- **No speaker labels:** The audio is a single mixed Zoom track, so the transcript contains no speaker labels; all in-text attributions are by context. Where a mover/seconders is not individually discernible, it is marked "not clearly attributed."
- **Name normalization (silent in the body):** rendered to the correct spellings — Robert "Bob" Sutor, Paul Reshke, David "Dave" Rapp, Cathy Schmitz, Molly Duncan (never "Wally"), Rena Tamura, Ronald "Ron" Kawahara (DMI CEO), Shannon Sheldon (counsel).
- **Vendor name:** the cooling-tower contractor is rendered "**Dorvin**" to match the quote on file (Dorvin-Quote_2146_\$25K_South_Cooling_Tower.pdf); the audio phonetically renders it "Dorvan." Confirm the vendor's correct legal spelling before the minutes are finalized.

- **Animal-control appointee:** the first name "**Bob**" is audible; the last name is garbled in the audio and is left as unclear.
 - **Next meeting time: September 10, 2026 at 12:00 noon HST** (3:00 p.m. Pacific), **already confirmed** on the record ("September 10th at 12 o'clock p.m. ... Hawaii standard").
 - **Robert Sutor post-review additions:** items marked **[RS-added]** were supplied by Robert Sutor after reviewing the audio and are not found in the recording (see §9).
-

9 Post-Meeting Revisions (Robert Sutor) — 2026-07-29

Robert Sutor reviewed the audio-derived summary and action items and directed the following revisions. Each is listed for future reference; the "In audio?" column notes whether the change is supported by the recording.

ID	Revision	In audio?
RS1	Gate-entry system elevated to a higher-priority item (Molly), coordinated among Molly, Bob, and Dave	Project yes; the coordination structure is RS-added
RS2	Dave's gate role: coordinate with Bob on evaluating/controlling contractual and performance risk	Yes
RS3	Bob to work with Molly and Dave to develop the gate-entry proposal	RS-added
RS4	Bob's "audio summary + Dorvin quote" split into two separate items (S2, S3)	Yes
RS5	Removed "one more House-Rules turn with counsel"; Bob picks up the House Rules directly	RS-added (audio indicated a further counsel turn)
RS6	Three policy documents — House Rules, Unit Modification Policy, Support Animal Policy — consolidated into one Bob item with the Cathy review workflow	Unit Modification Policy is RS-added (not in the audio)
RS7	Tranche-1 consolidation redline (Bylaws + CC&Rs) kept as a separate Bob item (S4)	Yes
RS8	Quasi-Timeshare / Multi-Owner-LLC: Bob produces an AI research document → Cathy legal review and resolution	RS-added (audio: Bob flagged it for Cathy to research)
RS9	Sept 10, 12:00 noon HST already confirmed; Rena schedules it as normal (no confirmation needed)	Yes
RS10	Support Animal Policy drafting removed from Board/Shared (folded into RS6)	—
RS11	Resident Manager Employment Agreement recorded as approved in executive session; the "open/resolve" item removed	RS-added (executive session not recorded)
RS12	Reserve-vs-operating funding allocation reassigned to Paul + Rena to evaluate and present recommendations	RS-added
RS13	Board/Shared section removed (now empty after RS10–RS12)	—

Action items are enumerated with owner-prefixed IDs (M/P/D/S/C/R) in §5 and in the companion Action Items document.
