

SUPPORT ANIMAL REQUEST FORM

Association of Apartment Owners of Nā Hale O Mākena

SUBMITTED TO THE BOARD FOR APPROVAL ON A PRECONDITIONAL BASIS
Pending legal-counsel review and final adoption · v2026-07-22F · July 22, 2026

APPLICANT

Date of request

Unit no.

I am a: ☐ Current owner / resident ☐ Prospective buyer

Full name

Phone

Email

Second occupant needing the animal (if any)

THE SUPPORT ANIMAL

Animal name

Species / type of animal (e.g., dog, cat)

Licensed with the County of Maui, if required? ☐ Yes ☐ No ☐ N/A

County license / ID no. (if licensed)

Vaccinations current? ☐ Yes ☐ No

WHAT THE ANIMAL DOES FOR YOU

Describe only **what the animal does for you** — its tasks or the support it provides. **Do not describe why you need it**, your diagnosis, or any medical condition — we do not ask for that, and we will not consider it.

TWO CONFIRMATIONS

1. I have a disability — a physical or mental impairment that substantially limits a major life activity. ☐ Yes ☐ No

2. The animal alleviates one or more symptoms or effects of that disability. ☐ Yes ☐ No

If either answer is not obvious to the Association, you may be asked for a short letter from your treating health-care professional, mental-health professional, or social worker confirming only these two points. You will not be asked for your diagnosis, medical records, or the animal's training papers.

EMERGENCY CONTACT FOR THE ANIMAL

Who to contact if the owner is not available — an alternate caretaker who can tend to or take the animal if you cannot.

Alternate caretaker name

Phone

Owner of unit or rental agent, if different from applicant

IF YOUR ANIMAL WILL BE OFF-LEASH OUTSIDE YOUR UNIT

Outside your unit, an animal must be leashed, tethered, caged, or carried. If your disability makes physical control impracticable, you may keep the animal under voice or signal control instead — but the Association may ask you for BOTH of the following before the animal goes untethered on property:

- ☐ A letter from my treating health-care professional, mental-health professional, or social worker stating that my disability makes leashing or tethering impracticable (only if that is not already obvious). The letter need not state my diagnosis.
- ☐ A brief demonstration to the Resident Manager that I can keep the animal under effective voice or signal control. I understand effective control is required at all times.

ACKNOWLEDGMENT

- ☐ I understand that I must submit this request AND receive the Board's approval BEFORE bringing the Support Animal onto the property.
- ☐ My animal will not be audible from any adjacent unit, the lobby, or any hallway or walkway outside my unit, and will not create a nuisance.
- ☐ I will attach current vaccination records (and, for a dog, a copy of the County of Maui license).
- ☐ I have provided a digital copy of a photograph of the animal, used only to identify the animal (never to judge its breed, size, or appearance).
- ☐ I have received a copy of the Association's Support Animal Policy and agree to comply with it.
- ☐ The information I have provided is true and correct to the best of my knowledge.

Signature (type your full legal name)

Date

Return this form to the Resident Manager: managernhom@hotmail.com. The Association intends full compliance with the laws governing Support Animals — HAR §12-46-306, HRS Chapter 515, and the federal Fair Housing Act — and may not ask for your diagnosis, medical records, provider access, or proof that the animal is trained, certified, or registered. This form is part of a policy submitted to the Board for approval on a preconditional basis, pending legal-counsel review and final adoption; it is subject to change by the Board within the framework of the law. If any item here appears to conflict with a legal requirement, tell the Resident Manager and it will be corrected.
