July 2026 Newsletter

A message from the President of the Board of Directors

Welcome to our Board's first newsletter. I am pleased to bring you the first newsletter from our current Board of Directors. My goal is straightforward: to communicate with you as **transparently as practical**, to keep you **apprised** of what the Association is doing — on property and behind the scenes — and, importantly, to **ask for your input** so that the Board's priorities stay aligned with yours.

Announcement — Welcome to a New Board Member

At our **July 23, 2026 Board meeting**, **Cathy Schmitz (Unit D-302)**, a **retired attorney**, was **appointed** to fill one of our vacant Board positions. Cathy will serve as the Board's **legal liaison** with our Association attorney, will lend her expertise in **Board administration**, and will **take the lead on the update of our governance documents**. We are very pleased to welcome Cathy to the Board.

Where We're Headed — Our Initiatives

The Board is actively pursuing several initiatives to improve the property and how we operate:

- **Modernizing our technology.** Where reasonable, we want to update the technologies we use on property and in our operations — including applying **AI tools** to make our governance and day-to-day management more efficient and effective. I intend to help our team — the Resident Manager, our managing agent, and the Board — become more comfortable relying on AI technology.
- **Integrated entry & security.** We are working to **unify the pedestrian and vehicle gates with the building entrances** into one integrated system — improving both **security** and the **convenience** of getting onto the property. The specific system we are actively evaluating is **ButterflyMX**, a cloud-based video-intercom and access-control platform, to be supplied and installed by our local vendor, **Access Hardware Inc.** Owners can review the product brochure here: [ButterflyMX Brochure \(PDF\)](#).
- **Governance-document update & consolidation.** A complete refresh and consolidation of our **Bylaws, CC&Rs, and House Rules**, led by **Cathy Schmitz**.

- **Support Animal Policy.** The Association is finalizing a **Support Animal Policy** that will become part of our House Rules. Regardless of our no-pets policy, this policy will — as required under applicable law — **allow owners to bring an animal onto the property as a support animal.** We are currently working on finalizing rules that would require **pre-registration and approval by the Board before any support animal is brought on property**, as well as specific rules of conduct for the animals while on property, and will share the policy with owners as it is finalized.
- **A comprehensive maintenance program.** Better **tracking, cost control, and visibility** over critical maintenance so we can address issues before they cause service interruptions.
- **Reducing contractual risk.** Reviewing our primary service and vendor contracts, and our major system purchase-and-installation contracts, to **reduce and mitigate risk.**

Good News — Insurance & Assessments

For the **second consecutive year**, the Association obtained its **insurance at a substantial discount** from the prior year. The Board is now **evaluating the reduction in monthly assessments** this will allow, and we will report the outcome.

A Message from the Resident Manager

Molly Duncan, Resident Manager

Aloha, everyone —

In May, we had the pool deck professionally cleaned and sealed to protect it from Maui's sun and weather and keep it looking its best. Coming up, the pavilion doors will be sanded and resealed as part of our ongoing preventive-maintenance program. Behind the scenes, routine upkeep continues every day, including upcoming repairs to one of our cooling towers to keep the air-conditioning system running reliably.

Mahalo for your patience and support as we continue caring for our beautiful community.

— Molly

We Want Your Input — Please Take the Survey

To make sure we are aligned with what matters most to you, we have prepared a short **owner survey** (about 4–5 minutes). It covers your **level of interest** in the initiatives above and your **feedback on current operations** — grounds and common-area upkeep, the view corridor, how complaints are handled, the pool/gym/cabana, and whether you would like a **formal feedback process**. It also asks whether you would like to **review the House Rules in draft** and whether you favor this newsletter continuing.

I know a survey is a small imposition — but it is **essential** to getting an honest reading on where we are aligned and where we are not. Please enter your **Unit #** so we can weigh responses by unit.
